- Enhanced problem-solving abilities by addressing challenges in real-time operational scenarios.

CERTIFICATION COURSES

Python

Web development

SQL

TECHNICAL SKILL SET

`C` `Python` `OOPS` `DSA` `HTML` `CSS` `BootStrap` `Java Script` `React.js` `MySQL` `Git & Github`

PERSONAL PROJECTS

Foodie Flow
- Developed a responsive web application, "Foodie Flow," using HTML, CSS, JavaScript, and React, ensuring a seamless user experience across devices.
- Implemented key features such as user authentication, search functionality, and API integrations to enhance the app's capabilities.
- Contributed to the UI/UX design, adhering to design principles for an intuitive and visually appealing user interface.
- Employed performance optimization techniques, including lazy loading and code splitting, to enhance the app's speed and responsiveness.
- Successfully deployed the application using version control (Git) and ensuring a smooth development and deployment process.
